

Living with or at risk of **hepatitis B?**

You're not alone.

Receiving a diagnosis of chronic hepatitis B can be overwhelming, but the **British Liver Trust** is here to support you every step of the way.

Connect with others who are living with hepatitis B through our **virtual support groups**.

Join from the comfort of your own home to share experiences, gain insights, and support each other on your journey.

Call our nurse helpline and speak to a liver specialist nurse who can answer questions, help you make sense of what's happening, or just listen.

 **0800 652 7330**

Access our British Liver Trust **online support and information**, you can find an **online community** and resources to help you manage your condition effectively.
